MADE FROM SUGARCANE PULP

ABOUT US

Carma bio products is a sub brand of Carma industries which was established in 2014. In a few years of span, it became a recognized brand in India and overseas market.

We are manufacturing environmentally friendly products that are made of bagasse pulp from sugarcane. Our product range includes different size of bowl, plates, cups, trays and clamshells made from 100% biodegradable material.

We have been known for our quality product and service for the last 8 years and will continue to do so. As a result, we are here to provide you with high-quality products while also promoting environment benefits.

“LET'S RECYCLE ALL”

Traditional plastic and Styrofoam products take hundreds of years to decompose. Using bagasse reduces the reliance on petroleum-based products, thus lowering carbon footprints and contributing to a more sustainable planet.
